

# Full Mock Papers: 700 Questions in the Style of the UKCAT, with Detailed Worked Solutions

The UK Clinical Aptitude Test (UKCAT) is a challenging standardized test that is used by medical schools in the United Kingdom to assess the academic abilities and problem-solving skills of prospective medical students. The UKCAT is a computer-based test that consists of four sections: Verbal Reasoning, Quantitative Reasoning, Abstract Reasoning, and Decision Making. Each section is timed, and the test as a whole takes approximately 2 hours and 15 minutes to complete.

Full Mock Papers: 700 Questions in the Style of the UKCAT, with Detailed Worked Solutions is a comprehensive resource that provides students with the practice they need to succeed on the UKCAT. This book contains 700 practice questions that are modeled after the actual UKCAT questions. The questions are divided into the four sections of the UKCAT, and each question is followed by a detailed worked solution that explains how to solve the problem.
