Exam Format

The Pharmacy Infectious Disease Board and Certification Review is a two-part exam.

1. **Part 1:** Multiple-choice questions (MCQs) covering core concepts in infectious disease
2. **Part 2:** Case-based questions that simulate real-world scenarios

Part 1 is worth 60% of the exam score, while Part 2 is worth 40%.

Best Study Materials

There are a variety of study materials available to help you prepare for the Pharmacy Infectious Disease Board and Certification Review. Some of the most popular include:

- **Books:**
 - *Infectious Diseases Handbook* by Richard K. Root and Ronald W. Atkinson
 - *Pocket Guide to Infectious Diseases* by Christopher C. Broderick and Melissa P. Sweet
 - *Pharmacotherapy of Infectious Diseases* by Richard P. Bengert and William A. Craig
- **Online Resources:**
 - American College of Clinical Pharmacy (ACCP)
 - Infectious Diseases Society of America (IDSA)
 - Pharmacy Times
- **Practice Exams:**
 - ExamEdge

- PharmacyExam.com
- RxPrep

Study Strategies

Once you have selected your study materials, it is important to develop a study strategy that works for you. Here are a few tips:

- **Set a Study Schedule:** Create a realistic study schedule and stick to it as much as possible.
- **Study Actively:** Don't just read passively. Take notes, summarize what you read, and test yourself on the material.
- **Use a Variety of Resources:** Don't rely on just one book or website. Use a variety of resources to get a comprehensive understanding of the material.
- **Join a Study Group:** Studying with others can help you stay motivated and learn from each other.
- **Take Practice Exams:** Practice exams are a great way to assess your progress and identify areas where you need to focus your studies.

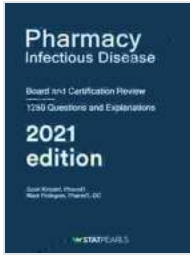

The Pharmacy Infectious Disease Board and Certification Review is a challenging exam, but it is also an achievable one. By following the tips in this guide, you can improve your chances of success and enhance your career as an infectious disease pharmacist.
