The Oncology Certified Nurse (OCN) credential is a nationally recognized certification for nurses who specialize in the care of patients with cancer. The OCN certification is offered by the Oncology Nursing Certification Corporation (ONCC), a subsidiary of the Oncology Nursing Society (ONS).

Nurses who earn the OCN certification demonstrate their knowledge and skills in the following areas:

\* Cancer prevention and early detection \* Cancer treatment and management \* Cancer survivorship \* Palliative and end-of-life care

The OCN certification is a valuable credential for nurses who want to advance their careers in oncology nursing. It can also help nurses to improve the quality of care they provide to patients with cancer.

## **Eligibility Requirements**

To be eligible to take the OCN exam, you must meet the following requirements:

\* Be a registered nurse (RN) or a licensed practical nurse (LPN) \* Have at least two years of experience in oncology nursing \* Have completed a minimum of 30 hours of continuing education in oncology nursing within the past five years

## **Exam Format**

The OCN exam is a computer-based exam that consists of 175 multiple-choice questions. The exam is divided into the following four sections:

\* Cancer Prevention and Early Detection (25%) \* Cancer Treatment and Management (50%) \* Cancer Survivorship (15%) \* Palliative and End-of-Life Care (10%)

The exam is timed, and you will have three hours to complete it.

## **Study Materials**

There are a variety of study materials available to help you prepare for the OCN exam. These materials include:

\* Study guides \* Practice exams \* Online courses \* Books \* Journal articles

The ONCC offers a variety of study materials on its website, including a study guide and a practice exam. You can also find study materials from other publishers, such as Kaplan and ATI.

## Test-Taking Tips

Here are a few tips to help you prepare for the OCN exam:

\* Start studying early and give yourself plenty of time to review all of the material. \* Create a study schedule and stick to it. \* Use a variety of study materials, such as study guides, practice exams, and online courses. \* Take practice exams to get an idea of the format of the exam and the types of questions that will be asked. \* Review the exam content outline and make sure that you are familiar with all of the topics that will be covered. \* Get a good night's sleep before the exam and arrive at the testing center well-rested.

The OCN certification is a valuable credential for nurses who want to advance their careers in oncology nursing. It can also help nurses to improve the quality of care they provide to patients with cancer. If you are interested in becoming an OCN, I encourage you to start studying today. With hard work and dedication, you can achieve your goal.
