

Yosemite: Our National Parks Features of the Proposed Yosemite National Park

Yosemite National Park is one of the most iconic and beloved natural landmarks in the United States. Its towering granite cliffs, cascading waterfalls, and ancient giant sequoia trees have inspired awe and wonder in visitors for centuries. Yosemite is also home to a rich cultural history, with evidence of human habitation dating back over 10,000 years. The proposed Yosemite National Park would expand the existing park by 750,000 acres, protecting even more of this irreplaceable wilderness.

The Proposed Yosemite National Park

The proposed Yosemite National Park would encompass 750,000 acres of pristine wilderness in the Sierra Nevada mountains of California. The park

would include Yosemite Valley, Half Dome, El Capitan, and the Merced River, as well as a number of other iconic natural features. The proposed park would also protect important wildlife habitat and provide new opportunities for recreation and enjoyment.

Benefits of the Proposed Yosemite National Park

The proposed Yosemite National Park would provide a number of benefits, including:

- **Protection of iconic natural features:** The park would protect some of the most iconic and beloved natural features in the United States, including Yosemite Valley, Half Dome, El Capitan, and the Merced River.
- **Conservation of wildlife habitat:** The park would protect important wildlife habitat for a variety of species, including black bears, mountain lions, and bald eagles.
- **New opportunities for recreation:** The park would provide new opportunities for recreation and enjoyment, including hiking, camping, fishing, and rock climbing.
- **Economic benefits:** The park would generate economic benefits for local communities through tourism and recreation.

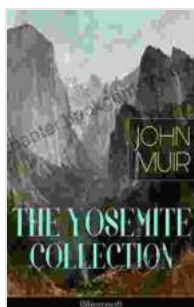

Support for the Proposed Yosemite National Park

The proposed Yosemite National Park has strong support from a variety of stakeholders, including conservation groups, local businesses, and elected officials. A recent poll found that 80% of Californians support the creation of the park.

The proposed Yosemite National Park is a once-in-a-lifetime opportunity to protect some of the most iconic and beloved natural features in the United States. The park would provide a much-needed sanctuary for wildlife and a place for people to connect with nature and experience the wonders of the Sierra Nevada. We urge you to support the creation of Yosemite National Park.
